- Power supply: 220V, 50Hz

### HOW TO USE

1. Put the Antennas above the TV Surface or around the TV;
2. Put the 9.5mm TV Plug into the 9.5mm TV Jack on TV body and make sure they have 100% contact;
3. Connect the power and make sure the antennas have enough electricity supply;
4. Pull the rod longer if you want to get better signal;
5. Turn the antennas to some other directions in order to fins best signal effect;
6. Don't put anything onto the antenna in case that effects the signal receipt;
7. Put one AAA battery into the clock to make sure the clock could work.
